To our dearest Barony,

We hope this missive finds you healthy. We miss you, and even though it's disappointing to continue to remain apart through at least August, we are still looking to the future. We are excited about the possibility of our first virtual court, depending on activities for the remainder of the year. Our officers have been in communication these past few months, and we all agree that any upcoming meetings will remain virtual. We will alter any event plans as necessary.

We have enjoyed our opportunities to gather with our Baronial cousins virtually, and participate in Kingdom virtual court. If you get the chance to view courts, classes, or other virtual event opportunities we highly encourage it! And if you see any cool things that our Barony could adopt or adapt during this time, let us know! If you are interested in hosting a class online, or want to think about making a virtual Flame event, reach out!

Please stay safe and wear a mask!

Baron Gustav and Baroness Marissa of Flame

Reports:

Seneschal: We can have meetings with 10 people, must wear masks at all times, if not they will be asked to leave. Individuals will also have to fill out a form with their mundane name, and contact info, in order to keep track of who people have been around. Please keep up-to-date on SCA closures and updates during this time. We will try to post those as soon as possible.

Exchequer: There is money in the bank and nothing has been spent after our last meeting.

Chronicler: Looking for a replacement for the position, it's fun and creative.

Knights Marshal: Martial Activities remain suspended until further notice. I am in need of a deputy that is actually interested in taking on the role at some point.

Chatelaine: Has received more Gold Key. Thank you to Steph and Olivia. Gold Key policy is probably going to be updated as Covid continues to shape practices.

A&S: Is still on hold, people doing their own things and staying home!

Youth: Nothing to report from Youth Combat. We are avoiding the plague, no practices until further notice.

One of the best places to find announcements for the Midrealms online activities is the **SCA Kingdom of the Middle** facebook page. Join that page for lots of info and happenings.
