

*Unto the populace of the Barony of the Flame do Captain Sigmund and Mistress Ellowyn Kittel von Drachenstein send warm greeting!*

*My Lady and I would like to officially declare to the populace and Crown our intent to serve as the next Baron and Baroness of the Barony of the Flame.*

*Both Ellowyn and I became active into the Barony in 1997. We have both been members of the Society since that time and have held various offices within the Barony. Ellowyn has served the Barony as the Chronicler (6 years), Seneschal (8 years), Exchequer (5 years) and is now serving as the interim Deputy Exchequer. She has also served as Event Coordinator or Head Chef for several Christmas Tournaments and Border Raids (4). I have served the Barony as Security Coordinator for Border Raids many times, Event Coordinator and several years as Head Server for Christmas Tournaments and I have served as the Barony Youth Marshall for the past few years. I have also worked for many years teaching and helping to armor new fighters who have joined the group.*

*We are very proud of our Barony and all the accomplishments we have seen. Our populace is a talented and hard working group that continues to flourish and grow with each year of activity. We have worked with the group to maintain our yearly events and helped to usher in new events that show off our wonderful hospitality and openness to the Kingdom and surrounding areas. We have witnessed hard working people and a tireless dedication to keep this group alive and maintained.*

*Our plan, if chosen to serve, will be to continue in the strong legacy we have as our history. We wish to keep the forward momentum going and build on the foundation laid by our predecessors to keep the dream alive. We have some opportunities in the future to host larger events and are in a good place to consider more inter-Kingdom events. We are excited to share our ideas with the group and work with the group to help bring them to life.*

*In Service to the Crown we remain,*

*Sigmund*
